December, 1998

Dear Friends,

Herewith is a booklet which we hope will interest you. It is a record of every Marriage in Macon and Bibb County from 1823 through 1998, in which one or both spouses is of Jewish birth.

If you will read the fly-page, you will see how the names were obtained and selected.

The cost of the production and mailing of this book was paid by THE JEWISH FEDERATION OF MACON AND MIDDLE GEORGIA, which you support by your annual donations.

Please look at the sample Marriage Certificate enclosed and the sample Application Form. These are taken from the County's records. These certificates are available on most of the marriages and the applications are available after about 1921. You can go to the Courthouse and get these by paying to have them copied. (If you should like us to get them and mail them to you, we can do so for $7.00.)

If you know of others who might want a copy of this booklet, please let us know. There will be no cost.

Yours very truly,

Marian W. Kaufman

PREFACE & ACKNOWLEDGMENTS

The listings of marriages that follow were taken from the very fine and complete records kept by the County in the Record Room at the Bibb County Courthouse.

We went through the roughly 150,000 names and first listed those who were married by rabbis.

We have also listed others, not married by rabbis, but of families we know or know about.

Further, we have accessed those with traditional Jewish names who were married by judges, justices of the peace, chaplains, and ministers. The religion of the parties is not listed; thus, this is a subjective opinion. However, since about 1921, the County keeps a record of the Marriage Application which shows the place of birth of the applicants and their parents' names. This was of great value in making the determination whether to include the marriage in our book. Our standard was that if one of the four parents of the marrying couple was, in our opinion, Jewish, we have included them. This standard was based on our judgment. We have determined that 1490 of the 150,000 should be listed.

WE ARE CERTAIN WE MUST HAVE LEFT OUT SOME WHO SHOULD BE INCLUDED AND LISTED SOME WHO SHOULD NOT BE INCLUDED. WE HOPE THAT OUR MISTAKEN JUDGMENTS CAUSE NO ONE ANY EMBARRASSMENT.

Further, we have learned what should have been an obvious fact that, that the more often records are copied, the more likely errors occur. These records were copied by county employees over the 174-year period, often from hand-written records written by employees who obviously had trouble with these non-Anglo-Saxon names. They were then recopied in three places to the existing fine records. From these 150,000 listings two elderly people with failing eyesight (one with the inability to spell or write) spent 8 months extracting this list of 1490. This work was then copied on to this computerized form by a pretty young lady who had four times as much work as she could handle. Thus, in spite of six weeks of rechecking, we are sure there will still be errors. We are sorry.

We must express our special thanks to Mrs. Elaine LaFavor and her staff, Mrs. Sybil Furnia and Ms. Angela Hicks for all their assistance, and especially to Mrs. Julia Bray who personally worked with us. This work would have been impossible without them, and we want to congratulate Bibb County on keeping such fine records and having such a splendid, interested staff.

EXPLANATION OF LISTINGS

The first column is an alphabetical list of the name of the spouse, whether male or female. The second column is the other spouse who will be listed first when that alphabetical letter appears.

The column headed "Marriage Index" is the book from which the information is taken.

The column headed "Marriage Record" is the book that contains a reduced photo-copy of the actual marriage license.

The last column is the name of the person who performed the marriage. In some cases the title of that person is not shown and we have added it.

The above system applies through 1970. After that date the County went to a new system, filing copies of the Marriage Application and the license chronologically in a series of books with an alphabetical index in the front of each book. The records are in 55 Red Books and we have identified them as "R. B." with the number of the book and the number of the page following. A computerized list shows which Red Book.

In the storage records since about 1923 is kept a Marriage Application which the couple must fill out. This shows the birth dates, parents' names, and other information (religion is not shown). These applications, as well as copies of the full-sized marriage licenses are available, but must be obtained from an employee, whereas the record books are available to anyone.

Two abbreviations in our records require explanation:

N. B. L. (No Bibb License): We knew of several marriages in which the parties did not get a Bibb County license, but we had knowledge of the marriage. The licenses came from some other county. We think there must be many more, but regrettably neither Beth Israel nor Sherah Israel (the two synagogues in Macon) keep any records.

L. N. R. (License Not Returned): The marrying parties come to the Courthouse and obtain a license to marry, which they then take to the Rabbi or other person who performs the ceremony. Someone must then return the signed license to the Courthouse for entry into the records. In these "L. N. R.s", the couple either did not get married, or the license did not get returned, or was lost.

M. G.: Minister of the Gospel
